

# JAYELON LASSEIGNE

Software Engineer

## Projects

### Park-a-pedia -- January 2023

- Frontend project built using HTML, CSS, JavaScript, and an API from the National Park Service
- Users can search by park name or by state, or they can grab a random park

### Blackjack Game -- December 2022

- Traditional Blackjack game coded with HTML, CSS, and DOM Manipulation through JavaScript
- Allows users to both hit and stand, and allows for aces to be 1 point or 11 depending on the player's score

### Pokémon Adventure -- November 2022

- Built using Python and features ASCII art
- Takes players on a Pokémon Adventure where they can encounter Pokémon, throw poke balls or berries, and encounter Team Rocket

## Work Experience

### Assistant Language Teacher

JET Programme, Nagano, Japan

*July 2017 to July 2022 (5 years)*

- Built and maintained a curriculum for 6th grade English for four years
- Gave engaging lessons on English grammar and vocabulary, as well as cultural lessons designed to introduce students to the world outside of Japan
- Tutored students before and after school in English conversation

### Block Leader for the Hokushin Area

JET Programme, Nagano, Japan

*June 2018 to June 2021 (3 years)*

- Lead presentations and discussions at multiple conferences for Assistant Language Teachers (ALTs) on topics such as 'Emergency Preparedness'
- Helped new ALTs settle into their lives in Japan by answering any and all questions and hosting welcome parties

## Education History

### Full Stack Web Development Bootcamp

Institution: DigitalCrafts

*Year of Graduation: 2023 (program ends in March)*

### Bachelor of Arts in International Studies

Institution: Honors College at the College of Charleston

*Year of Graduation: 2016*
